Accomplished Product and Management Senior Executive in the Mobile and Internet consumer space

Envisioned, designed, and launched apps and websites used by hundreds of millions of people around the globe.

Stanford MBA, with a strong technical, product design, e-commerce and management background across Asia, the US and Europe for Google, Myspace, Booking Holdings Agoda, Trip.com Skyscanner, SEA and startups.

Products consistently led to strong user growth, high satisfaction scores, significantly increased conversion rates and engagement and have been rated top in by users and independent reviewers alike. Demonstrated exceptional leadership by guiding organizations through challenging periods and achieving outstanding results.

PROFESSIONAL EXPERIENCE

SKYSCANNER – TRIP.COM GROUP

Hong Kong and Shenzhen, China

Senior Director of Product Management – Hotels, Car Hire and Rail *World's largest travel meta search, 2020 – 2022*

Director of Product Management - Hotels

2019 – 2020

- Senior executive for the strategic direction and development of Skyscanner's Hotel, Car Rental, and Rail products.
- Directed the development and launch of innovative app and web products for a global audience, resulting in the release of all-new user experiences that significantly improved performance, conversion rates, and introduced over fifty unique features, distinguishing Skyscanner Hotels from competitors. Skyscanner's product was independently verified as a top performer by an external agency, outperforming competitors like Trivago.
- Promoted and expanded scope of responsibilities to include one of the world's largest car rental comparisons sites
- Demonstrated exceptional leadership by guiding the organization through a challenging period for the travel industry, ultimately growing Skyscanner Hotels into a larger business than its pre-COVID status, the only team within the company to achieve such growth.
